Krishna Water & Chemical Services

<https://www.krishnawater.com/>

We are counted amongst renowned & trusted names in importing, supplying, distributing, manufacturing, exporting & trading of Innovative Filtration, Sepearation, Purification Products and Water & WasteWater Treatment Plants.

About Us

Established in the year **2005**, we, **Krishna Water & Chemical Services**, are one of the leading manufacturer, supplier, trader, distributor, importer and exporter of a wide assortment of Water Treatment Plants & Systems. Some of our quality range includes Filtration Plant, Filtration Systems, Industrial Chemicals & Industrial Evaporators. **We also provide excellent Operational & Maintenance with troubleshooting services to our clients to meet their requirements.**

All our products are designed in accordance with international quality standards and norms. Backed by our modern manufacturing unit, we are able to manufacture a precision-engineered range of products as per the clients' requirements. All latest machines, tools, equipment and technology that are needed for producing these products are installed at our unit. To ensure that all our products conform to industry norms, we conduct RO, UF and NF membranes performance test on the entire range. We use cutting edge technology for manufacturing our range of products, and pack all our products using quality packaging material such as corrugated boxes, wooden packs and HDPE/PP drums to ensure safe transit of our consignments. Apart from this, we also provide paid sampling facility to our clients, in which they have to pay product cost with delivery charges.

Under the able and efficient guidance of our mentor, “**Mr. Deepak Patil**”, who has years of...
